

## Letter of attestation

for public release

**Securitum** is a consulting firm carrying out security audits, penetrations tests as well as security trainings, concentrating on financial and e-commerce sectors. Founded in 2009, Securitum is currently a team of 40+ cybersecurity professionals, creating one of the biggest penetration testing companies in Central Europe.

We hereby confirm that we have conducted a security assessment for eRecruitment Solutions that covered the following scope/subject:

- Pentest of eRecruiter web applications (available for testing at [system.erecruiter.pl](http://system.erecruiter.pl) and [auth.erecruiter.pl](http://auth.erecruiter.pl)).

The base audit was carried out in August 2025 in accordance with generally accepted methodologies, including OWASP Top 10 and CWE/SANS Top 25 Software Errors as well as internal industry practices developed by Securitum. Security assessment was time-limited to 16,5 man-days. Auditors identified 3 high-severity and 1 medium-severity vulnerabilities. No critical vulnerabilities were detected.

At the same time, retests conducted in December 2025 confirmed that all relevant identified issues were successfully resolved and the application meets all audit requirements.

Sincerely,  
Business Unit Director  
Jakub Wojciechowski
